

What's happening in grade one..

May is such a wonderful time in grade one. We have all gained many valuable skills in all academic areas and have grown into such mature little people! Thank you for everything that you do at home to assist your child's learning.

Our reading and writing skills have greatly improved as we continue to address literacy learning every day.

Everyone is continuing to improve their addition and subtraction skills up to 20. We are also now moving into our measurement and geometry units in math as well.

We will be having our Senses Convention on Wednesday May 2nd.

We are also planning our yearend field trip to Camp Valaqua. More information will be sent home soon.

Our annual school dance is rapidly approaching, please save the date, Friday, June 1.

Please note that our annual CES Volunteer Tea will also be held on June 7th.

In closing, we would like to extend a huge HAPPY MOTHER'S DAY to all the fantastic moms in our classes!

Thank you all,

Mrs. Silcox, Ms Obreiter, Mrs. Block, Mrs. Ortman and Ms Wiens
