A Look Ahead

Language Arts: This month we will be writing bug stories with a focus on beginning, middle and end. Our novel study is *Charlotte's Web*. Raz-Kids will still be available for student use for the summer. Don't forget to also visit the public library this summer as they have some great student programs.

Math: We will review numbers up to 100 including adding and subtracting, graphing, word problems, calendar (answering questions about days of the week, months of the year), and increasing patterns.

Social Studies: We will complete our study of the culture and history of Meteghan, Nova Scotia.

Science: We will be finishing our Small Crawling and Flying Animals unit.
