**A Look Ahead:****Language Arts:**

This month we will be reading a variety of winter-themed stories, working through a snowman unit, and studying the author, Jan Brett.

**Spelling starts again January 7th.**

**Math:**

This month students will extend their skip counting to 75. We will also work on recall of basic facts to 20. Please practice addition and subtraction facts at home.

**Science:**

We will learn how to read thermometers, how insulation works, and creating our own cold devices. Before Christmas, we sent home information about creating cold devices; this is a make at home project that's due Jan. 14.

**Social:**

We will continue to learn more about Saskatoon (urban community) in comparison to Carstairs (rural community). Students will also explore the cultural history of Saskatoon by learning about the Ukrainian culture and celebrating Ukrainian Christmas.
