

GRADE 4

NEWSLETTER

November 2022

Important information

As the temperature drops, please ensure your student has warm clothing and dresses for the weather. It is getting chilly!

Please make sure your student brings a water bottle every day.

We are proud of our Grade 4 students for showing responsibility and respect on the playground. They are wonderful leaders!

Learning for this month

Language Arts

Students work daily on reading strategies and writing skills. Home reading tracking sheets will be coming home soon. Please make sure to spend some time reading and talking about books at home!

Social

In Social Studies we have started learning about Alberta's regions. We are focusing geography and climate of Alberta.

Math

We completed addition and are working on subtraction. Please practice basic facts at home. These skills support our students in all math learning!

Science

In Science, we will continue our Waste and our World unit. Students will be asked to create a "Trash to Treasure" project.
